

POLY SOLUTIONS GUIDE FOR OFFICE WORKSPACES

The modern office is full of workspaces. They come in all shapes and sizes to help today's workforce be productive both as individuals and as teams. Of course, this often means collaborating online with remote colleagues or customers. Having the right voice, video and content solutions that help everyone see, hear and participate equally is essential to getting work done. Poly has solutions for every workspace and style. Click on a workspace below to see how Poly can help your office be more productive.

LOW-WALL
CUBICLE I

YOU NEED A WAY TO KEEP ON-THE-GO
CONVERSATIONS GOING IN THE OFFICE AND
TUNE OUT EVERYONE ELSE. WE RECOMMEND:

POLY ELARA 60

- Touch down and power up with this mobile phone station. One-touch connection to Microsoft Teams makes collaborating a breeze.
- When you're mobile first, you need a way to transition calls easily. With Poly Elara 60, you can stay charged and collaborate with enterprise-grade audio the way you want—seamlessly.
- No-time, no-wires deployment is as easy as it gets. Just plug it in and pair a smartphone.

LOW-WALL
CUBICLE II

YOU NEED TO TUNE OUT DISTRACTIONS AND
TUNE INTO CONVERSATIONS. SO, WE THINK
YOU'LL LOVE:

BLACKWIRE 7225

- High style meets high performance in this boomless, hi-fi stereo headset. It looks and sounds great for taking voice or video calls or listening to media—all day long.
- With USB-A or USB-C connectivity options, you're all set to work on your favorite devices—and you'll get more done with active noise canceling (ANC), designed to minimize background noise.
- Switch from concentration to collaboration and back again with one-touch call and media controls. Plus, dynamic mute senses and alerts you when you talk while muted—which helps make every call more productive.

HALLWAY

YOU NEED A HEADSET THAT LETS YOU HEAR
WHAT MATTERS—WHEREVER YOUR DAY AT
THE OFFICE TAKES YOU. WE RECOMMEND:

VOYAGER FOCUS UC

- Keep the focus on your conversation, not background noise, with active noise canceling (ANC)—giving you the perfect balance of noise block and audio comfort.
- With up to 98 feet/30 meters of wireless range, you can stay connected to your PC or smartphone to work or listen to music with immersive stereo sound wherever you roam—from your desk, down the hall, in the conference room, or by the kitchen.
- Smart sensors use contextual intelligence to keep up with you. Dynamic mute alerts you when you talk while muted. Music pauses when a call comes in or you take off the headset. And you can talk or rock for up to 12 hours on a single charge.

PRIVATE
OFFICE

YOU NEED A QUIET SPACE WHERE YOU CAN
TAKE CARE OF CALLS AND HEAR YOURSELF
THINK. SO, WE RECOMMEND:

POLY VVX 450 + SAVI 8220 OFFICE

- When you need a high-performing desk phone, this one delivers. Color display. The industry's best audio. Works with more than 60 of the industry's leading call control platforms. Basically everything you ever wanted.
- Amazing HD voice clarity, so you'll never miss a thing—and neither will anyone on the other end of the call. And you can keep calls free from outside noises, echoes, and distractions with acoustic fence technology that's built right in.
- Add the Savi 8220 headset to the mix and you can get up, stretch your legs or even grab that third cup of coffee without missing a beat. Plus you'll stay focused wherever you wander with active noise canceling (ANC).

HUDDLE ROOM

YOU NEED SIMPLE, EASY VIDEO FOR HUDDLE
ROOMS THAT DOESN'T NEED ANY PCS OR
A MESS OF WIRES. WE RECOMMEND:

POLY STUDIO X30

- Radically simple to set up, eliminating cords and clutter from your huddle spaces.
- Run your favorite video conferencing apps without a PC—just walk in, press the join button, and you're in.
- Compact design is fine-tuned for optimal huddle room performance.
- Poly MeetingAI innovations keep distracting noises that can invade smaller rooms from interrupting your calls.

BRING
YOUR OWN
DEVICE

YOU NEED A HAVEN OF PRODUCTIVITY
BUILT FOR SHARING BIG IDEAS IN A
SMALL SPACE. SO, WE RECOMMEND:

POLY STUDIO

- This premium USB video bar makes it easy to plug into collaboration and tune out distractions so you can meet with teams near and far.
- Delivering the best audio quality in its class, it blocks distracting sounds that can interrupt meetings, so teams on both ends of the call catch every word.
- With group framing and automatic speaker tracking, the connection feels personal—and ensures you see all the important details, too. Right down to body language and facial expressions.
- Easy to manage? You bet. Cloud based management tools let IT push software updates and make settings changes without ever leaving their desk.

SMALL
CONF. ROOM

YOU NEED A PLACE TO BRING YOUR SMALL
TEAMS TOGETHER WITH SPACE-FILLING SOUND
AND NO INTERRUPTIONS. SO, YOU SHOULD TRY:

POLY TRIO 8300

- Transform any small conference room into a smart collaboration space with the touch of a button—you can launch a conference call in seconds.
- Tune out distractions on both sides of the call and keep everyone engaged with noise-blocking technology and immersive audio.
- Plus you get future-proof flexibility with the option to easily add video conferencing and content sharing accessories.

MID-SIZE
CONF.
ROOM 1

YOU NEED A WAY TO BRING VIDEO, VOICE AND
CONTENT TOGETHER IN ONE COMPLETE PACKAGE.
SO, WE THINK YOU'LL LOVE:

POLY TRIO 8800

- Meetings are launched with a single touch, easily connecting you to nearly any video application or cloud service.
- Use Microsoft Skype for Business and Office 365? Poly Trio is certified—and Wi-Fi, USB and Bluetooth® connectivity is built in. (BYOD, anyone?)
- With its 20 feet/6 meters of pickup, legendary voice quality and NoiseBlock technology, it makes sure the flow of ideas is uninterrupted.
- Optimize your meeting experiences with powerful video performance when paired with feature-rich Poly Trio VisualPro, EagleEye IV 12x camera, and EagleEye Producer.

MID-SIZE
CONF.
ROOM II

YOU NEED HIGH PERFORMANCE VIDEO FOR
MID-SIZE ROOMS THAT'S EASY TO MANAGE
AT A PRICE THAT WON'T BREAK THE BANK.
SO WE RECOMMEND:

POLY STUDIO X50

- Powerful room-filling audio with next-generation beamforming mics so everyone can hear and be heard clearly.
- Includes everything you need all built right in for easy setup.
- Wide-view 4K camera that's smart enough to show just the people in the room for more engaging conversations.

BOARD
ROOM

YOU NEED A PLACE WHERE SHARING
IS SIMPLE AND COLLABORATION IS
LIMITLESS. SO, WE THINK YOU'LL WANT:

POLY G7500

- Poly G7500 for video conferencing and content sharing can help large teams share ideas and express themselves clearly—in Ultra HD 4K.
- No ideas get left behind because anyone can share wirelessly from their own device—annotating on the spot and capturing content for later.
- Detailed visuals and rich audio make everyone feel like they're together in the same room, while audio distractions like background noise and side conversations are kept out of your calls automatically.

OPEN
WORKSPACE |

YOU NEED A HEADSET THAT LETS YOU ROAM
FREELY AND FOCUS ON YOUR CONVERSATION,
NOT BACKGROUND NOISE. YOU'LL LOVE THE:

VOYAGER 8200 UC

- Tune it all out with dual mode active noise canceling (ANC) to select the most comfortable setting for your personal preference.
- What about people on the other end of the call? Advanced noise blocking technology ensures all they hear is you—not everyone around you.
- It's PC and smartphone-compatible, and with 98 feet/30 meters of wireless range, you can take calls or continue listening to music all around the office, the kitchen, you name it. Enjoy freedom with no loss of fidelity.

OPEN
WORKSPACE II

YOU NEED A BUSINESS-READY BLUETOOTH®
HEADSET WITH EARBUDS THAT CAN MULTITASK
AS WELL AS YOU DO. WE RECOMMEND:

VOYAGER 6200 UC

- Transitioning is easy. Talk to colleagues on a call, listen to music in high-fi stereo for immersive focus, or drop an earbud to tune into the conversation going on around you.
- Focus on what really matters, with passive and active noise canceling (ANC) to block out the distractions you don't want. Plus, Plantronics clear talk technology optimizes your voice and sound for people on the other end of your call.
- Like to switch between devices? This headset lets you pair with up to eight devices and connect to any two at a time. Plus you'll have 98 feet/30 meters of range to work on the move—for can't-stop-won't-stop productivity.

CONTACT
CENTER

YOU NEED HEADSETS FOR CLEAR CONVERSATIONS
AND ALL-DAY COMFORT FOR THE WHOLE CREW.
WE THINK THEY'LL LOVE:

ENCOREPRO 520

- Show your customer service reps that you care—with lightweight, soft audio-optimized ear cushions that enhance all-day wearing comfort. They'll stay fresh and engaged day after day.
- The stakes are high with every call. These headsets give your team wideband audio to deliver richer, clearer conversations, block background noise with coverage for both ears, and reduce listening fatigue. Plus, they're fully loaded with SoundGuard technology to protect their hearing.
- This headset works however they do—with full compatibility with all Plantronics USB and desk phone processors. And when it's time to end the call, the Quick Disconnect feature provides walkaway convenience.
