Android Enterprise Recommended offers an ecosystem of devices and services verified by Google™ against enterprise grade requirements for performance, consistency and security updates.

Certain features, services and applications are network dependent and may not be available in all areas; additional terms, conditions and/or charges may apply. Contact your service provider for details. Use of this device is subject to the terms of your wireless service plan. This product meets applicable Radio Frequency Emission Exposure Guidelines. Accessories individually labeled. MOTOROLA, the Stylized M Logo, MOTO and the MOTO family of marks are trademarks of Motorola Trademark Holdings, LLC. All other trademarks are the property of their respective owners. © 2021 Motorola Mobility LLC. ThinkShield is a trademark of Lenovo. Google is a trademark of Google LLC. Motorola edge20 Lite is designed and manufactured by Motorola Mobility LLC, a wholly owned subsidiary of Lenovo. 1. 5G service available with 5G plan. 5G network coverage required; available only in select areas; device not compatible with all 5G networks. Contact your service provider for details. 2. Based on 5G sub-6GHz network connectivity, providing 90-130 Mbps download speeds to the average user. 5G service plan and 5G network coverage required; available only in select areas; device not compatible with all 5G networks. Contact your service provider for details. 3. Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity; may change with software updates. 4. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 5. Battery must be substantially depleted; charging rate slows as charging progresses. 6. Auto smile capture can recognize up to 5 faces/people in the same frame. 7. Compared to phones with sRGB color space; based on use of DCI-P3 color space with 25% larger color gamut than sRGB. 8. Water-repellent design creates a barrier to help protect against moderate exposure to water, such as accidental spills, splashes or light rain. Not designed to be submerged in water, or exposed to pressurized water, or other liquids; may diminish over time. Not waterproof. 9. The 108MP sensor combines 9 pixels into 1, for an effective photo resolution of 12MP. 10. Ready For PC is available on selected devices, and on Windows 10. Visit the FAQ page for a full list of device and software compatibility. Requires PC app download. PC and mobile device to connect wirelessly must share the same Wi-Fi AP (access point) OR must be connected via USB-C cord.
