Key Benefit

- * **Smart Charging:** PowerWave automatically switches between 5W, 7.5W, 10W, and 15W charging modes depending on your device's power needs—ensuring optimized wireless charging for a wider range of devices than ever before.
- * **Charge Your Way:** Charge horizontally while watching videos, or vertically for messaging and facial recognition.
- * **Universal Compatibility:** PowerWave II Stand is compatible with virtually all Qi-enabled devices including iPhone 11, Samsung Galaxy S10, Sony Xperia XZ3, Pixel 4, and more.

Bullet Selling Point

- * Adaptive Charging For Any Device
- * Vertical & Horizontal Charging
- * Through-Case Charging
- * Exclusive MultiProtect Safety System

What Included
