

smarter than most.™

STM *GOODS*

Smarter cases, backpacks, briefs and sleeves for protecting your digital devices.

smarter than most

It was 20 years ago that Ethan Nyholm had a flash of inspiration and resourcefully slipped his new laptop into a padded postal envelope for protection while carrying it around in his hiking pack. Though clever, he knew this wasn't exactly a lasting solution. So, teaming up with co-worker Adina Jacobs, they created a unique new product—a bag specifically designed to protect digital gear while offering a fashion-forward look. In the twenty years since, STM Goods has become an industry leader in the creation of laptop bags, packs, fitted cases, and other accessories. All designed to safeguard your tech devices, smarter than most.

Hynt

DUX
the **smarter** case.™

best-in-class protection

In Australia, a “Dux” refers to the best student in the class, the one who scores the highest on every exam. As the name suggests, we have developed a best-in-class solution with the Dux line of protective cases. The primary features are rugged protection without bulk and a transparent back for customisation. The Dux is designed to brave the challenges of everyday life, and allow you to live yours with one less worry.

smarter protection

MIL-SPEC TESTED

exceeds U.S. Department of Defense drop test standards

SUPER PROTECTIVE

polycarbonate and rubberised TPU bracket for even the most accident prone among us

PENCIL & CRAYON STORAGE

featuring convenient integrated storage for your writing tool, on Dux Plus and Dux Plus Duo (features will vary on cases)

soft goods

protective backpacks, briefs, and
sleeves for your laptop or tablet

soft goods collections

smarter features

SLINGTECH™

not just padding. Your device is suspended away from the edge of the pack, isolating it from the bump zone. Because the best impact protection is impact prevention.

CABLEREADY™

the subtle, ingenious cable-routing channel system keeps your cords conveniently stowed and out of the way even between compartments so you can power the stuff that matters.

LUGGAGE PASS-THROUGH

PassPort securely and easily connects your pack or brief to other baggage items. It's also integrated with the lumbar support of the back panel. Just our way of taking the lug out of luggage.
