

PowerExpand Direct 6-in-1 USB-C PD Media Hub

- SuperSpeed USB 3.0 Ports: USB-C data hub with SuperSpeed USB 3.0 port for data transfers of up to 5 Gbps.
- High Definition: HDMI output supports resolutions up to 4K and makes multi-monitor displays a breeze.
- Slick Design: Designed with the same minimalist style and aluminum exterior as the iPad Pro, its premium look matches its premium quality.
- DUAL SLOT CARD READER can access data from both cards simultaneously for downloading large data files from a video camera to your computer; Transfer data between two cards from your computer to save time when transferring files.
