Key Benefit

- * **High-Speed Charging:** A high-efficiency chipset provides 10W high-speed charging for Samsung Galaxy, while iPhones get a boosted 7.5W charge that's 10% faster than other wireless chargers.
- * **Easy Alignment:** Built to match up with your phone's size, making it easier than ever to place your phone centrally on the pad. The non-slip pad ensures your phone stays in place, even when vibrating.
- * **Non-Slip Design:** Dual anti-slip rings on both the top and bottom of the pad give you a more stable charging experience, ensuring your phone stays firmly in place even when vibrating.
