Contact your service provider for details. 2. Based on 5G sub-6GHz network connectivity, providing 90-130 Mbps download speeds to the average user. 5G service plan and 5G network coverage required; available only in select areas; device not compatible with all 5G networks. Contact your service provider for details. 3. Based on comparison of CPU and GPU speeds for Motorola edge 20 vs. Motorola edge. Actual performance may vary. 4. Based on comparison of AI processing speeds for Motorola edge 20 vs. Motorola edge. Actual performance may vary. 5. Requires separately purchased Wi-Fi 6 compatible router and plan that may vary by location. 6. Based on comparison of WiFi download speeds for Motorola edge 20 vs. Motorola edge. Actual speeds may vary based on many factors including network configuration, signal strength, and network congestion. 7. Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity, may change with software updates. 8. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 9. Battery must be substantially depleted; charging rate slows as charging progresses. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 10. Ready For wireless connection is supported with TVs that support Android smartphone screen mirroring (Miracast) only. 11. Smart software can recognize up to 3 faces/people in the same frame. 12. Requires game controller compatible with Android 11 or later. Game must support Bluetooth® controller input. 13. Bluetooth® accessories sold separately. 14. Audio Zoom activates only when zoomed in at least 2X. 15. Auto smile capture can recognize up to 5 faces/people in the same frame. 16. Compared to phones with sRGB color space; based on use of DCI-P3 color space with 25% larger color gamut than sRGB. 17. Water-repellent design creates a barrier to help protect against moderate exposure to water, such as accidental spills, splashes or light rain. Not designed to be submersed in water, or exposed to pressurized water, or other liquids; may diminish over time. Not waterproof.
