

LENOVO™ NANOSAVER CABLE LOCK

SECURITY AND SAFETY.

Tough 10mm Lock Head with Cleat Locking Technology offering uncompromised security for ultra-thin Laptops, Tablets, Desktops, Monitors and Accessories built with the NanoSaver lock slot, the 10mm Lock Head with Cleat Locking Technology provides trusted protection. The 5mm Keying System offers flexible compatibility with all of Lenovo's 5mm keying systems, including MicroSaver® 2.0 so you can leverage the custom keying solutions across your organization.

WHY YOU NEED LENOVO NANOSAVER CABLE LOCK

Security

Where Data and Devices keep your business running, security is of highest priority. The NanoSaver Lock from Lenovo will allow you to secure the device(s) to an unmovable object keeping it safe while you are not present.

Safety For More Than One Device

The NanoSaver Lock comes in different versions. A single head to secure one device or a twin head which allows you to secure two devices such as a Dock or Monitor as well as your laptop or desktop.

Compliance

All over the world companies need to be compliant with the Law, whether that is governed by the country or the Company. The NanoSaver Lock is there so you will not have to suffer the consequences of expensive device/data theft and Law suits.
