

SAMSUNG

Meet the powerful, foldable

Samsung Galaxy Z Fold3

The Samsung Galaxy Z Fold3 is the culmination of years of research, development and our passion for pushing the boundaries. Slim, stylish and built to last, it's our best foldable work phone yet.

The modern workplace is now wherever you want it to be. And whether you're in the office, working from home, or getting things done on the move, you need a powerful device that keeps up with you.

Thanks to our partnerships with Google and Microsoft, the Galaxy Z Fold3 gives you a superior Android experience, with a full suite of business tools and apps that are optimised to work on foldable phones.

And with Samsung Knox defence-grade security, you can rest assured your data is fully protected.

The innovative foldable screen lets you improve your productivity by working across multiple apps at the same time. Plus, with superior battery power and hyperfast 5G connectivity, it keeps up with even the busiest working day.

SAMSUNG

Do more at the same time.

Master multitasking with the phone that lets you do more.

The fully foldable 7.6" 120Hz Dynamic AMOLED 2X display with 120Hz adaptive refresh rate on the Samsung Galaxy Z Fold3 gives you space to run multiple apps. So, you can check emails, browse the web and prepare presentations all at once, helping to supercharge your productivity.

The Galaxy Z Fold3 is also compatible with the S Pen¹, so you can scribble notes or update documents simply, wherever you are.

Safe and secure.

Stay safe with a super secure work phone.

Samsung Knox defence-grade security makes sure your Samsung Galaxy Z Fold3 and all your sensitive data remains completely protected.

Plus, with face recognition and the side fingerprint scanner, you can rest assured that only authorised users will be able to access your device.

1. Pen Fold edition and S Pen Pro sold separately.

SAMSUNG

The highly durable foldable phone.

Work anywhere with the folding phone that's tough enough for any task.

The Samsung Galaxy Z Fold3 is built with Armour Aluminium frames and scratch-resistant Gorilla Glass Victus, so it's protected against accidental bumps and scrapes.

And with IPX8 water resistance, you can work on the move, without worrying about spillages or getting caught in the rain².

All the power you need.

Keep going throughout the day. With an impressive 4,400mAh battery³, the Samsung Galaxy Z Fold3 has more than enough power to keep up through the busiest workday. And if you do run a little low, 25W Super Fast Charging and 10W Wireless Charging gets you back up to speed quickly.

Plus, with Wireless PowerShare, you can even gift some of your charge to a colleague in need of an energy top up.

2. Submersion in up to 1.5m of freshwater for up to 30min (not advised for beach or pool use). 3. Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated (minimum) capacity is 4365mAh. Actual battery life may vary depending on network environment, usage patterns and other factors.

Technical Specifications.
