18X Zoom

See Every Detail Clearly with an 18X Total Zoom

Improve your communication by adding a CAM520 Pro and its 18X total zoom to your meeting room. Show off every detail of your most complex product to remote participants using smoother video imaging than ever, with up to 1080p, 60fps quality.

SmartFrame Automatically Captures Everyone

Efficiently start a meeting with the CAM520 Pro by simply facing the camera to activate facial detection. AVer SmartFrame will do the rest, automatically capturing and fitting all participants on-screen in seconds.

Meet in Any Lighting with True WDR

Freely hold meetings in high-contrast backlight environments using the CAM520 Pro. An embedded Sony sensor enables True WDR up to 120dB to control the exposure and provide constant clarity.

Remotely Control the Camera and Share Online with IP Video Streaming

Share content on YouTube or Facebook. The CAM520 Pro provides RTSP/RTMP support through H.264 IP streaming compatibility for livestreaming, remotely controlling the camera, and managing settings via the Chrome browser.
