

HIGHLY RESPONSIVE FOR TRUE PERFORMANCE

When desk space is at a premium, the Lenovo V30a 24 All-In-One (AIO) is an ideal solution to clear clutter, accelerate performance, and enhance collaboration.

The latest 10th Generation Intel® Core™ i5 Processor ensures powerful and reliable processing, while the Smart Conference feature makes collaboration seamless and efficient. With a 23.8-inch Full-HD display, Voice Control capability, and reliable security, the V30a 24 AIO delivers all you need in a business desktop.

Lenovo V30a 24 IML AIO

ITDM Benefits

Designed for Convenience

The V30a 24 is designed to meet the needs of today's modern workforce. Ultra Low Noise and Low Blue Light certifications ensure that the employee can work long hours without strain and fatigue, while the lift, tilt, and swivel functionality ensures that they adjust the AIO as per their comfort.

Powerful Security

With a range of security features such as Smart USB protection, BIOS-disable camera, and camera privacy cover, sensitive business data remains protected.

Extended Connectivity

The desktop is packed with multiple connectivity ports such as USB 2.0, USB 3.1 Gen2, HDMI, and audio jack. Users can share data and multitask effortlessly by connecting to external peripherals.

*Optional

Impressive Performance: powered by up to 10th Generation Intel® Core™ i5 Processor and PCIe SSD* with dual drive* (combination of one SSD and one HDD) storage, the V30a 24 AIO offers incredible performance. A 92% screen-to-body ratio offers a bigger screen to view large spreadsheets and long-form documents. Modern Standby mode allows for instant email updates, access to VoIP calls even when the PC is inactive, ensuring minimum power consumption.

Robust Security: with a dedicated camera shutter, the device ensures webcam privacy when not in use. Smart USB Protection restricts port access to prevent data theft. Lenovo Shield protects critical business data in three ways—disabling the camera and USB ports via the BIOS, securely and easily erasing the device's data, and restricting access to the HDD via a password.

Enhanced User Experience: enjoy excellent visual clarity on the 23.8-inch, Full-HD anti-glare display. The Smart Conference feature filters out background noise and picks up the speaker's voice from any direction, in a single or multiple-participant meeting. With Cortana and Alexa voice assistants, you can set reminders, send emails, find files, and do a lot more with just your voice.

Improved Ergonomics: the V30a 24 is VESA compatible and can be mounted on a wall to support your work requirement. Work comfortably and efficiently on this AIO that's Ultra Low Noise and Low Blue Light certified. Its slim, adjustable, ergonomic, and easy-to-use stand offers lift, tilt, and swivel functionality while adding to your office aesthetics with its mineral gray anodizing finish.

Accessories

Lenovo Professional Wireless Keyboard and Mouse Combo

(PN: 4X30H56796)

A slim, 3-zone full-sized keyboard and an ergonomic mouse combo is a modern wireless solution that enhances user experience. The ergonomic design of the mouse is coupled with 1600dpi laser sensor precision and 4-way scroll wheel for easy navigation.

Lenovo Pro Stereo USB Headset

(PN: 4XDOS92991)

The adjustable headset offers excellent sound clarity with its 180° microphone, be it on VoIP or regular phone calls. The universal VoIP optimized headphone has a comfortable fitting and double-sided earpieces that enable you to focus on the call by blocking background noise.

Kensington® MicroSaver DS 2.0 Cable Lock

(PN: 4XEON80914)

The small and compact Kensington® MicroSaver 2.0 Cable Lock from Lenovo is developed using strict specifications, patented technologies, and rigorous testing against tough environmental conditions. It is engineered to be the smallest, strongest lock for laptops and other devices.
