

# Kasa Smart Wi-Fi Plug Slim, Energy Monitoring

KP115

# Highlights

## Energy Monitoring

Manage your connected devices' real-time energy consumption and know which one is most power-hungry. Reduce unnecessary energy loss and lower your electric bills with the Schedule and Timer.

Note: The app screen depicted is for visual reference only and does not necessarily represent actual product operation or app appearance.

## Scheduling

Turn your connected lamps, small appliances, holiday decorations, and other electrical devices on or off automatically to match your daily routine.

# Highlights

## Simple to set up and use with Alexa

Setup is faster than ever before with Alexa. Use your Echo device to set up the plug via voice command.

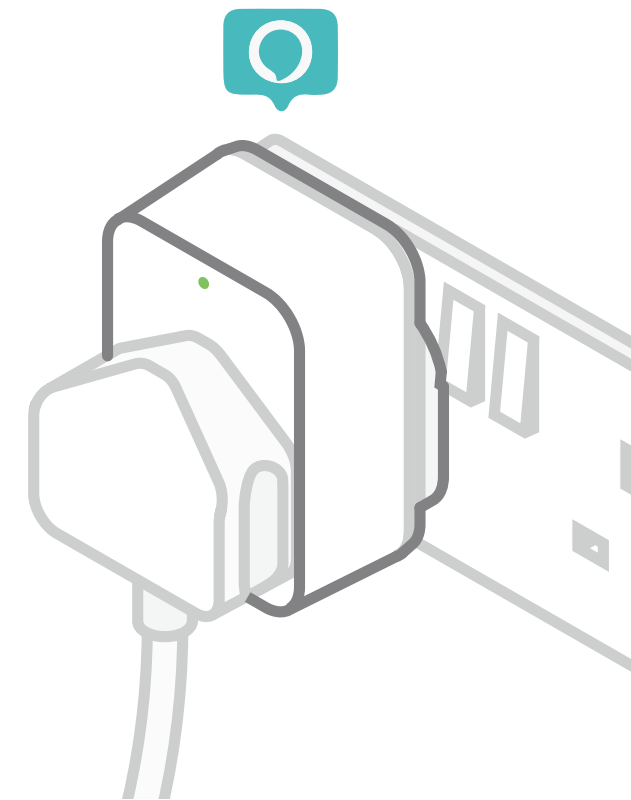

1

Once you've set up your Echo device, plug in your TP-Link smart plug. If Alexa or the Alexa app says "New plug found," go straight to step 3.

2

In the Kasa app, click the '+' icon and then follow the step-by-step instructions to set up your smart plug and link your TP-Link account to Amazon.

3

To use your device with Alexa, just say "Alexa, turn on First Plug."

# Highlights

## Remote Access

Control devices connected to the smart plug wherever you have internet using the free Kasa app on your smartphone.

## Your Home. One App.

Turn your home into a true smart home with Kasa Smart. Automate your lights and appliances with smart plugs and bulbs. Secure your home with Kasa Cameras. Control it all from the Kasa Smart app.
