Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Unlock full suite of smart light features with Hue Bridge
- Set up hands-free voice control
- Create a personalised experience with colourful smart light
- Water-resistant smart light for bathrooms (IP44)

Highlights

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting set-up. Control your lights while away from home or add accessories such as motion sensors and smart switches.

Set up hands-free voice control

Philips Hue works with Amazon Alexa and Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Control multiple lights in a room or just a single lamp with simple voice commands.

Create a personalised experience with colourful smart light

Use millions of colours of light to transform any room in your home, instantly creating a unique atmosphere. With the touch of a button, you can transform your living room with a pink glow or light your entire home in vibrant colours to turn any night at home into a personalised party.

Water-resistant smart light for bathrooms (IP44)

Philips Hue smart bathroom lights have been rigorously tested to make sure that they are water resistant, making them ideal for lighting humid environments. Each bathroom light meets IP44 standards.
