CUTTING EDGE BRILLIANCE

Colorful beams of eye-catching light break through CMP 320's unique geode front panel design, brightening up a sleek, all black canvas.

Large mesh intakes paired with pre-installed 120mm ARGB fans allow for ample airflow, optimal thermals and top-notch performance.

A wide array of lighting effects are offered out of the box, customizable at a single click or in depth when connected to the motherboard.

Small yet powerful, CMP 320 takes up minimal space on your gaming room while offering enough clearance for the latest hardware components to keep your gaming sessions satisfyingly sweet.

FEATURES

Two ARGB Fans Included –
Pre-installed with two 120mm ARGB fans, CMP 320 ensures stunning aesthetics, eye-catching design, and thermal excellence. Pre-installed to the reset button for streamlined control of lighting effects, users can also choose to connect the fans to the motherboard for advanced customization.

Note: Reset control and motherboard control are offered as separate options and cannot be operated at the same time.

Mesh Geode Front Panel –
Inspired by clean-cut, asymmetrical crystal formations, the mesh front panel offers generous intake as well as efficient dust filtration.

Versatile Cooling Options –
Support for up to six fans and front, top, and rear radiator support ensure that performance is not compromised.

Full Black Coating & PSU Cover –
Let your system stand out with an all-black background and a PSU cover to hide cables.

Room For Upgrades –
Support for up to a 365mm graphics card, a 163.5mm CPU cooler, and multiple fans/radiators locations provides room for upgrades to stay ahead of the game.
