

# Desk-mount Dual-Monitor Arm - Cross Bar -Grommet/Desk Clamp Mount

Product ID: ARMBARDUOG

This deskmount dual-monitor arm lets you mount two 13" to 27" VESA mount monitors, each weighing up to 17.6 lb. (8 kg), onto a single low-profile base. It gives you flexible desk-clamp or grommet-hole mounting, letting you save space while creating an ergonomic workspace in any office environment.

### Free Up Desk Space

With a stable dual-arm design, the double-monitor mount lets you create more usable work space by mounting your monitors side by side on a single base. The screen mount features a flat low-profile back that lets you position your displays against a wall or cubicle wall.

## **Optimal Viewing**

**Data Sheet** 

The computer monitor desk mount features adjustable height along the pole. The smooth +/- 30° tilt motion and +/- 30° swivel make it easy to find the optimal viewing angle. You can also rotate your display 360° for portrait or landscape viewing, and make sure your displays are perfectly aligned using the micro-adjustment knob.

## **Flexible Installation**

The dual-monitor arm is easy to install, with the desk-clamp or grommet mount (hardware included). Integrated cable management keeps your workspace organized. It works well with most desks, including sit-stand workstations.

## **Boost Productivity with Multiple Monitors**

Adding two monitors gives you the extra screen space you need to simplify multitasking and maximize your productivity.

ARMBARDUOG is backed by a 5-year StarTech.com warranty and free lifetime technical support.

# **Data Sheet**

#### Certifications, Reports and Compatibility

#### Applications

- Mount two monitors on a single base to save desk space
- Maximize office space, creating a dual-monitor workstation against a wall or cubicle wall
- Works with sit-stand workstations, using the desk clamp or grommet mount

#### Features

- Save space by mounting two monitors up to 27" onto a single base (max. weight 17.6 lb. / 8 kg)
- Keep monitors aligned with micro-adjustment
- Work comfortably with adjustable height, +/- 30°tilt, +/- 30°swivel and 360° rotation
- Versatile use with desk-clamp or grommet-hole mounting
- Place monitors close to a wall/cubicle wall, with a low-profile design
