

If you don't know about the latest trends, how can you act on them? Explore monthly updates covering everything from sustainability to cyber security and the tech solutions powering new waves of innovation.

See what we have in store

We've had another extraordinary year, and plans are already in place for the year ahead. We've been listening to your feedback, reflecting on our events, and discussing how to make things bigger and better. Here are some of the events and trends we are most excited about for the new year.

Our gift to you

PC Plus Community.
Last week, we launched our reseller benefits and enablement platform, PC Plus Community, sponsored by Intel.

Stay up to date with the latest offers and promotions available through Exertis for some of the top PC brands in tech, including Dell, Lenovo, Acer, ASUS, Fujitsu, and Samsung.

Be rewarded with PC reseller incentive, giving you the chance to win some incredible monthly prizes, as well as regular partner rewards.

Get skilled up with our enablement tools and training assets to enable you and your sales force – including vendor training sessions, live partner webinars, and in-person events.

Sign up today, and enjoy all the benefits to come

What's trending for 2024

Small connector that does it all
USB-C docking displays offer convenience from a single cable connection. Philips USB-C docking displays allow your customers to:

- Extend laptop autonomy without additional external power supply
- Plug all devices directly to the monitor
- Drive a DP daisy chaining to your laptop
- Charge your phone and transfer your data at a glance

Sustainable future

Our team at MTR are masters of recycling tech to give it a second life, while helping the environment and preventing e-waste at the same time. You can request a quote to trade in up to 50 devices online, or talk to us for larger inventory needs.
