Reduce, Reuse, Recycle

The circular economy aims to promote a more sustainable model of production, with a goal to minimise resource depletion, reduce the environmental impact, and maximise the product lifecycle.

What is IT asset disposition (ITAD)?

The circular economy aims to promote a more sustainable model of production, with a goal to minimise resource depletion, reduce the environmental impact, and maximise the product lifecycle.

Our solution

Exertis have partnered with TES-AMM to offer a complete Device Lifecycle Management (DLM) service for end-user components and peripherals or infrastructure across multiple customer sites. Hand pick from our suite of services from securing bonded storage, to end-use dropship or asset disposition.

Planting progress

We love when sustainability is a priority for our partners too. That's why we're supporting NTT DATA Business Solutions in planting a tree for every Consulting and SAP Managed Services day delivered each quarter.
